

5 Done For You Campaigns and Profiles ready to upload to Instagram and bank.

Get the upsell and you will be able to plug these done for you campaigns straight into Instagram within minutes. We have five done for you campaigns detailing the niche, the potential username you could use with Instagram, the offer type (cap,cpl,etc), the actual offers that are live right now with the networks, the hostages you could potentially use alongside your images and also a small image library we have put together of images you could use.

The usernames may also already be taken, but give them a shot. Generally you want to think of a username related to the offer you are going to promote. The usernames I have suggested below are very generic, so you probably want to think of a username related to something you will promote, for example if you were promoting a zip submit to win a free iPhone watch you will want to think of usernames related to the iPhone watch. Examples of this would be iphonestore4u, iphonestorefrenzy,

giveawayiphonewatch, applewatchbonanza. I hope you understand this!

With regards to offer selection and the CPA networks, all you have to do is follow the links under potential offers, then click join network and you'll be able to promote that offer from that network. If you are not a member of the networks suggest, please sign up to them and use our guide to help you gain entrance.

Overall please remember to think outside the box. All these campaigns are pretty much plug and play. You can use the hashtags and the offers I am suggesting, however they could be saturated by the time you go to use them, so please check out affplus.com and offervault.com for newer offers on a regular basis.

In addition, you could use the image libraries I have provided to give you a head start, or you can find images yourself as I teach in the course.

Niche: Binary (HIGH TICKET OFFER)

Potential Usernames: binarywizard,
binaryking, makemoneynow, gamblingpaysoff,
tradingforyou, trading offers, wolfofbinary

Offer Type: CPA

Potential Offers: <http://clicksure.com>

Log into clicksure and you will see the highest converting offers on the right hand side under 'Top 10' - select any from that list, however I highly recommend checking out <http://cashclubmillionaire.com/jv> as I know this is a highly converting binary offer paying out around \$260.
